RACK

BRUSH PANEL

19" 1U brush cable-entry panel

Dust-protected cable pass-through for racks

CABLE TODAY · WONDERFUL TOMORROW

19" | 1U | Brush entry | IP20 | Steel | Black RAL 9005

OVERVIEW

The GI-CUBR-19 is a 19" one-unit panel with a brush strip. Cables pass through it into the rack or towards other equipment in an orderly way, held by the pressure of the brush, while the bristles close the opening against dust.
